S// A STRONG

WEST CALCASIEU CHAMBER OF COMMERCE

CITY OF SULPHUR | TOWN OF VINTON | CITY OF WESTLAKE

Membership Directory 2021

We couldn't do this without our partners! A big thanks to the City of Lake Charles, McNeese State University, Waste Management, Team Green of Southwest Louisiana and the Calcasieu Parish Police Jury.

At the 2020 event, 487 vehicles drove through to drop off e-waste with collections totaling nine roll-off boxes of e-waste, approximately 788 light bulbs, 27.5 pounds of mercury and 250 pounds of batteries.

Since 2009, CITGO E-Recycle Day has kept more than 421 tons of electronic waste out of landfills.

Chairman's Message

I want to thank each of you for affording me the opportunity to serve as the Chairperson for 2021 for our West Calcasieu Chamber of Commerce. After navigating a very challenging year in 2020, it is my hope that we can all, as members, board members, executive board, executive director, and staff, bring new ideas and experiences to 2021, making ourselves greater and stronger than ever before as a business community.

In 2020, we saw the strength and courage of our members as they experienced Covid 19, two hurricanes and their aftermath, and a national election. We have witnessed our members tear down, rebuild and

help others do likewise, both on a business and a personal level. This new year will be different from past years because of the events of 2020, but I am confident that we are all committed to accomplish the mission and goals of our chamber with even greater intensity because we are Louisiana Strong.

Our cities of Sulphur, Vinton and Westlake are where we live, where we do business, and where we practice our faith. We will not let adversity impede the progress we have made or hinder what we have committed to achieve in the coming years. West Calcasieu is still, and always will be, a significant area of economic growth and prosperity. And we, as the West Calcasieu Chamber of Commerce, play a significant role in the continued success of our region.

Thank you for your membership in our West Calcasieu Chamber of Commerce. I implore you to be an active member of the West Calcasieu Chamber of Commerce in 2021. Attend chamber functions and utilize the services of fellow chamber members. When we work together for our common causes, we can accomplish more and we will achieve the goals we have set for our organization. I pledge on behalf of our board members, executive board, executive director and staff that we will do all within our power to serve you and our community with dedication and integrity.

Debby Nabours Chairman

Outgoing Chairman's Message

As I move into the role of Past-Chairman for the West Calcasieu Chamber of Commerce I want to thank the following: my wife Tabitha Sheppard for her grace in sharing space and time with the West Calcasieu Chamber of Commerce, the West Calcasieu Chamber of Commerce Executive Director Lena McArthur for her willingness to listen to the many ideas that I have thrown her way, the Executive Board and the Board of Directors for the opportunity to work together for progress in our organization.

Over the last several years I have watched the West Calcasieu Chamber of Commerce transform into the organization it is today. To give you a picture of those changes I want to take the time and mention a few of the things that we have seen change.

- Brought bylaws up to date
- Restructured Board of Directors
- Audited membership roles
- Increased yearly training opportunities
- Added networking opportunities through the Monthly Luncheon and Empowering Women Luncheons
- Held monthly Coffee with the Mayor meetings at the cities of Sulphur, Vinton, and Westlake
- Revamped Business After Hours event
- Conducted first student conference
- Partnered with the Calcasieu Parish Police Jury WIOA to conduct yearly job fairs
- Began partnership with America's Small Business Development Center of Louisiana
- Donated to several community organizations including the West Calcasieu Senior Centers and area schools
- Celebrated corporate sponsorships
- Expanded digital presence through social media platforms including LinkedIn and Instagram
- Revised marketing materials
- Updated office signage, and office equipment

I am grateful for the opportunity to have been part of these initiatives, and I look forward to the continued progress that the West Calcasieu Chamber of Commerce will make as we provide a voice for economic, educational, social and public growth in our region.

Nicholas A. Sheppard Past-Chairman

From the Desk of the Executive Director

Greetings from the West Calcasieu Chamber of Commerce (WCCC) and the communities of Sulphur, Vinton, and Westlake! We all find ourselves in a unique position as we forge ahead into 2021. There have been huge changes in the economics of our area due to Covid 19 and two major hurricanes. We have experienced many challenges in our communities. However, we are confident that the citizens, business owners, and corporate leaders of our area will respond with enthusiasm in the rebuilding and restoration process,

making us bigger and even more solid than ever before. We, as the WCCC, will continue to focus on economic development, member enrichment, community involvement and an ever-expanding quality of life.

The cities of Sulphur, Westlake and Vinton are extraordinary places in which to live and do business. Each city offers a myriad of opportunities to establish a new business or to continue an existing business. The businesses in these cities are customer-focused; they know their clients by their names and work to provide the best customer experience possible. Each municipality provides remarkable options for homebuilding and the growth of families.

Our WCCC also participates in the Southwest Economic Alliance, joining the efforts of West Calcasieu to the efforts to the parishes of Allen, Beauregard, Cameron, East Calcasieu, and Jeff Davis. Our WCCC is, and will be, actively involved with state and federal initiatives to improve and create additional economic opportunities to draw businesses to our state and region.

We want to encourage the businesses in our area to persevere in spite of the challenges of 2020. We welcome new businesses who choose to partner with our WCCC to further enhance the economic health of West Calcasieu. West Calcasieu is, and always has been, an amazing area for economic growth. We thank you for the role you have played and look forward to even greater success in 2021.

Thank You to Our Board Members

Well another Chamber year is ending and another is beginning. With that being said, we have some instrumental Board Members that have reached their term on the board and are leaving their seat as of December 31, 2020. It's great to have leaders that you can count on! Our Board members have busy schedules however, they sacrifice their time to come together and discuss the things that help us be a success in every area of providing what is needed for the community. We would like to thank Colleen Desselle, Bobby LeTard, Janet Paxton, Nora Popillion and Mandy Thomas for their continued support and playing a significant part in helping make the West Cal Chamber a better community based organization!

History of West Calcasieu Chamber of Commerce

First records for the Chamber of Commerce of Sulphur list Raymond Nelson as President. His term of office was from 1942- 1945. From 1945 through 1949 several leaders aided in its promotion and development. The Chamber year ran from November 1 through October 31. In 1949, the Sulphur Chamber of Commerce officially became the West Calcasieu Association of Commerce.

The office was located upstairs in the Foreman Building on West Napoleon Street for several years, later moving to the Brimstone Museum in 1976, then housed inside the office with Tab Finchum, Edwards Jones, 1906 Maplewood Drive for a few years. In May 2011 the WCCC relocated inside the West Calcasieu Business Center, the old Sulphur City Hall, located at 500 A North Huntington Street in Sulphur.

The Chamber conducts monthly business meetings on the 2nd Thursday of each month. It has 5 committees with each having sub-committees who stay busy all year. Economic Development, Events, Finance, Membership and Government Affairs have various members of the Board of Directors as well as other members-at-large serving on the committees. The Annual Banquet is held in November of each year where the "Outstanding Citizen of the Year" is announced.

History of Calcasieu Parish

Calcasieu Parish, created March 24, 1840, from the Parish of Saint Landry, is one of the original 19 civil parishes established by the Louisiana Legislature in 1807. At the time of the parish's creation, it comprised an area of what is now five parishes.

The river from which the parish derives its name is shown on some older maps as "Bayou Quelqueshue" and sometimes as Calcasieu. Calcasieu, which means "crying eagle" in English, is said to have been the name of an Attakapas Indian chief who gave a peculiar cry like an eagle as he went into battle.

The parish's early history hails back to the Spanish occupation of Louisiana. In 1797, José M. Mora was granted a large tract of land between Rio Hondo and the Sabine River, known for years as the "Neutral Strip".

The strip of land, which had long been a bone of contention between Spain and the United States, was acquired by the U. S. by treaty in 1819, after Louisiana was ceded to the American government by France in 1803.

The area became a refuge for "desperadoes from the eastern states" and for outlaws and "filibusters from Carolina, Georgia, and Mississippi".

Some time elapsed before settlers took up permanent claims. Among these early families we find the names of Ryan, Perkins, LeBleu, Deviers and Henderson. Acadians from the eastern parishes of Louisiana also emigrated to this area so that today the population is mixed, consisting of Creoles, Acadians, Americans and Indians.

On August 24, 1840, a half-dozen men met to organize as representatives for six wards that later became five parishes. Since there was no courthouse or public building, the meeting had to be held in a private dwelling, and the one chosen was the large, rough-hewed home of Arsene LeBleu near present-day Chloe. The first jury men who assembled that day were David Simmons, Alexander Hebert, Michel Pithon, Henry Moss, Rees Perkins, and Thomas M. Williams. They first elected officers and a parish clerk and decided upon a set of simple parliamentary rules which would give their president authority to keep their meetings orderly and progressive.

The parish boundary was reduced in 1870 when Cameron Parish was cut off from the south portion of Calcasieu. These limits remained until 1912, at which time it comprised an area of over 3,600 square miles and was the largest parish in the state, and for this reason it's sometimes called "Imperial Calcasieu." In 1912, the three parishes of Allen, Beauregard, and Jefferson Davis, with a total area of approximately 2,548 square miles, were cut off from the Parish of Calcasieu. These were the last parishes created in

Recreation

When it comes to recreational facilities, West Calcasieu is the top draw in the State of Louisiana. Highlighted by the Sulphur Parks and Recreation facilities, the City of **Sulphur** is host to the Louisiana High School State Softball Tournament every year at the gorgeous Frasch Park/Pattison Complex that features 18 plus fields that can be used for baseball as well as softball.

In addition to hosting the State High School Softball Tournament, Frasch Park is host to the Dixie Boys World Series in addition to the Super World Series.

Flanking Frasch Park is the Frasch Park Golf Course, a beautiful 18-hole golf course complete with driving range and putting greens.

If swimming is what you are looking for, you do not have to look any further than the SPAR Aquatic Center; a spacious arena that boasts a kiddie pool, as well as, an Olympic-sized pool among many other recreation offerings. This venue has played host to the Louisiana High Schools State Swim Meet since 2006.

Swimming is not the only thing you can do at the Aquatic Center. Besides a water park that opened in the summer of 2006, the Aquatic Center also features two workout gyms, multiple basketball/volleyball courts, an upstairs track as well as racquetball/tennis courts.

In addition to boasting multiple tennis courts, McMurry Park is also home to an evergrowing number of little league/high school regulation baseball and soccer complexes.

For rodeo fans, the West Calcasieu Arena in Sulphur is home to some of the most exciting rodeos in the southeastern United States.

Further west, the parks and recreation in the Town of **Vinton** are home to soccer, football, baseball, softball and basketball arenas in addition to a swimming pool and tennis court.

As well for the adults, we have Delta Downs Racetrack Casino and Hotel in Vinton. They provide year round horse racing and over 1,600 slots and video machines. The Isle of Capri Casino & Hotel in Westlake offers 1,800 slots and video machines. They have 50 high action table games, and a 25 table poker room. Both have venues offering live performances from a variety of entertainers.

To the east of Sulphur, **Westlake** District One has a very impressive array of facilities that host youth soccer, football, basketball and baseball games. They also have an open-air gymnasium, three closed gymnasiums, two pools, both outdoor and indoor and three pavilions.

The Westlake Recreation Complex contains weight rooms with an array of state-of-the-art equipment as well as free weights; a basketball court, walking track, and aerobics rooms. Conference rooms are also available at this impressive facility.

In August 2009, National Golf Course of Louisiana opened its doors to golfing enthusiasts in the area. Located in Westlake, soft-pines and dramatic vistas highlight renowned golf course architect Dave Bennett's 7,000-yard layout, featuring 14 lakes and 80 bunkers, and some of the area's largest and most challenging greens. Five sets of tees offer an equally fun and challenging round of golf for both recreational and accomplished players.

So as you can see, the great area of West Calcasieu is definitely the place to be when it comes to recreation. Come be a part of what we have to offer in West Calcasieu and enjoy!

Culture

It can truly be said that West Calcasieu Parish has a culture like no other.

Known the world over for our cuisine, especially our gumbo and crawfish. Along with our festivals, great hunting and fishing, and southern hospitality, there is something for everyone in our little corner of Louisiana.

Our seafood industry, along with marinas and boat launches attract visitors from far and wide. Duck and geese hunters are drawn to West Calcasieu during the migratory season and wooded areas offer great opportunities for deer, turkey, squirrel, rabbit and quail hunting.

But there's so much more to the Southwest Louisiana culture than hunting and fishing. The Creole Nature Trail Scenic Byway, located along Highway 27 heading south from Sulphur to Cameron Parish and back up to Lake Charles, offers sights and experiences not to be missed. Niblett's Bluff Park in Vinton, which dates back more than 200 years, offers fishing, camping, bird-watching and hiking, as well as a confederate reenactment held every spring. From recreation to education to our unmatched cuisine, West Calcasieu Parish is the place to experience Louisiana, the Sportsman's Paradise.

Development

West Calcasieu Parish provides an unprecedented opportunity for businesses in Louisiana.

Due to the recent string of natural disasters in the state, a wealth of federal and state incentives are available to Louisiana businesses and industries. These incentives coupled with a region rich with resources make southwest Louisiana a happening place.

Billions of dollars are being invested statewide. These public and private funds stream into the state via entrepreneurs, opinion leaders and decision makers who are looking at Louisiana as a state of opportunity.

Programs such as GO-Zone (Gulf Opportunity Zone) and The Enterprise Zone program are programs designed to attract businesses to an area by offering incentives such as tax credit ratios. The Quality Jobs program provides payroll rebates as well as sales tax rebates. The Industrial Property tax exemption provides up to 10 years local property tax reductions on manufactures new investment or annual capitalized additions. This exemption applies to all improvements to the land, buildings, machinery, and equipment as part of the manufacturing process.

Once businesses decide they want to locate in the area, then the Imperial Calcasieu Regional Planning and Development Commission (IMCAL) takes over. The Commission offers businesses help with business plans, provide current census data, and also allows access to GIS (geographical Information systems) mapping software. The Commission provides Important information, such as feasibility studies, population and minority information. The Commission will then direct businesses to the proper offices to obtain necessary permits. The Imperial Calcasieu Regional Planning and Development Commission can also help by acting as a middleman between the federal government and the new businesses. IMCAL's primary goal is the continued growth and

development of Southwest Louisiana. They provide "hands on" technical assistance to local governments, businesses and individuals.

An improved and expanding economy helps raise a community's standard of living, making it more attractive for its residents and new businesses that choose to locate in that community.

Development in West Calcasieu is currently enjoying a "prime time" of sorts, with unprecedented new growth that invites new businesses to join us and existing businesses to expand.

Industry

Industry in West Calcasieu Parish flourishes along the Louisiana Gulf Coast and the Calcasieu River. The abundance of timber, mineral deposits, and natural resources allowed the lake area to become the industrial hub it is today.

The attractive workforce, infrastructure and access to railways, waterways, interstate, port and pipeline corridor make West Calcasieu a great place for industry to thrive.

Industrial growth in our area began in the city of Sulphur. The Union Sulphur Company used their patented "Frasch Process" and began pumping liquefied sulfur out of a dome located about nine miles west of Lake Charles in 1896. This led to the development of the city of Sulphur. By the early 1900s, the mine was the largest in the world, producing about 4,000 tons per day. While working along the flanks of this sulfur dome, the first successful crude oil wells in the southwest area were drilled. The finding of such important resources in areas surrounding the lake insured southwest Louisiana a place among the great industrial centers of the world.

The real catalyst for industrial development in Calcasieu Parish was the onset of World War II. The United States military machine needed fuel, lubricants, and synthetic rubber for its trucks, tanks and planes, and lake area provided ready access to all of the elements needed to expedite their production and delivery. Raw materials like crude oil and natural gas, abundant water for manufacturing process, and a waterway for the ships and barges that would transport the manufactured products, made the area a natural choice.

The three companies that felt the most demand by the area were Continental Oil Company, better known as Conoco, which was completed in 1941, the Firestone synthetic rubber plant, now Firestone Polymers, which began production in 1943, and the Cities Service refinery, now CITGO, was brought on line in 1944.

After the war, industry in West Calcasieu continued to grow and develop at a fast pace. In 1947, a caustic soda and chlorine plant was opened by the Columbia-Southern company. It was a subsidiary of Pittsburgh Plate Glass Company, now named PPG Industries. The caustic and chlorine plants grew, and were eventually purchased by Westlake Chemical Corporation. Another example of the area's immediate postwar industrial development was the arrival of Cit-Con Oil Company in 1949. The lubricants and wax plant was originally built and operated jointly by Cities Service Company and Conoco, but is now wholly owned by CITGO.

Today, the petrochemical and refining industries are doing well in West Calcasieu primarily due to high product price, strong domestic demand, and strong export markets.

As a result, Southwest Louisiana is flourishing with half of the jobs dependent on industry in one way or another. The impact of these plants on employment to the local economy is huge. Companies who supply services along with employees spending their incomes locally and creating more demand for services, all contribute to added employment opportunities in the area.

The combination creates a healthy economy and adds to the commercial backbone of southwest Louisiana.

EXPERIENCE MATTERS, RELATIONSHIPS MATTER, COST MATTERS

Tellurian Inc. is dedicated to creating value and helping to improve air quality by delivering clean, low-cost, flexible and reliable liquefied natural gas to growing markets. The first LNG project, Driftwood LNG, will be located on 1,000 acres in Carlyss, Louisiana. We are partnering with global leading EPC contractor, Bechtel, to design and construct Driftwood LNG and have a lumpsum turnkey contract guaranteeing performance, cost and schedule. This "\$15 Billion-dollar project will create over 6,500 construction jobs and over 400 permanent jobs in Southwest Louisiana. Working with and investing in our local neighbors is important to us. We invite you to become part of this project.

Register your company today on Bechtel's Supplier Portal at www.bechtel.com/supplier/.

HELP START OR GROW YOUR BUSINESS

ANNOUNCING THE NEW WEST CAL SMALL BUSINESS DEVELOPMENT PROGRAM

Now Available in Sulphur, LA

Business Consulting Sessions with Louisiana Small Business Development Center at the West Calcasieu Chamber Offices

LSBDC business consultants help business owners and entrepreneurs with:

- Business Plans
- Growth Strategies
- Market Research
- Financing Options
- Sales & Marketing Strategies

Available free of charge to both chamber members and non-members.

Every third Wednesday of the month.

By appointment only.

Dedicated to supporting business growth, the West Calcasieu Chamber of Commerce is excited to announce its new West Cal Small Business Development Program.

The program offers 1-on-1 business consulting sessions at no charge with LSBDC and ongoing business and professional development workshops.

Learn more about the program and upcoming workshops at www.westcal.org
